

## Ocean Friendly Establishment Application and Agreement

In order to apply as a non-restaurant ocean-friendly establishment, you must list at least 3 reasons you believe your business should be certified as "Ocean Friendly". These reasons should include at least one way you consciously reduce single use disposable plastics. If you need extra space, please use the back of this page.

- 1.
- 2.
- 3.

By signing below, I acknowledge that I am an owner or designated signee of the listed establishment and agree the establishment will continue to make decisions to protect our oceans.

I accept the "Ocean Friendly" certification as given by Plastic Ocean Project, INC and Surfrider Foundation Cape Fear Chapter. I also agree to be listed as an "Ocean Friendly" establishment on the websites and social media pages of these organizations.

I understand that volunteers from Plastic Ocean Project (POP), Surfrider Foundation Cape Fear Chapter, UNCW Chapter of POP, and WB Keep It Clean may follow up with me either by email or by visiting the establishment to offer support for my ongoing commitment as being "ocean friendly". Volunteers from POP and/or Surfrider are available to provide brief presentations and/or educational information to your staff upon request.

I understand that if non-compliance with this agreement becomes a consistent and long-term pattern, POP and Cape Fear Surfrider reserve the right to remove your establishment from their OFE websites and social media pages.
